

**Bring your toilet paper, shaving cream too
We've planned a special night for you
Cabbage night will be lots of fun
For you, your parents... for everyone!**

**We'll wait until dark and begin with a game
"Oh where could my head be?" is its name
We'll follow it up with dinner and a treat
Then Mischief Night begins... it will be neat
We'll decorate our trees, bushes and each other
With shaving cream the yard we'll cover**

**So circle the date and don't be late
We're so excited, we can hardly wait**
