

University of Michigan 2007

There once lived the boys of the purple and pink
In the town of Ann Arbor, they formed their link
Studying, frat life, sports, girls and games
For four years they bonded and grew in fame
They traveled the world from "Pulco" to Spain
Their financial pocketbooks did quickly drain
But the memories were worth it, they'd all agree
As the Pink & Purple was the place to be
Living together with their big screen TV
Bonding on movie night, they were something to see
Their four years almost over and the end is in sight
Graduation approaching within a fortnight
So some words of advice I give to all
Enjoy these times...have a ball
Don't fret graduation or play Peter Pan
Take flight from here and be all you can!
