

Good morning boys and girls,

Happy St. Patrick's Day! My name is Shamus and I am a leprechaun. On the night before St Patrick's Day all leprechauns from Greenville slide down a rainbow and land in a place where there is good luck treasure. When I slid down the rainbow last night I landed at your school. Do you know what that means? At the end of every rainbow there are good luck coins for anyone who finds them! I have searched through your classroom but I can't find them anywhere. I need your help. All I found was the first clue but I didn't know where to go. Do you think you can figure it out? I know that if you collect all of the clues you will end at the place where the good luck coins are hidden. Good luck and please write me a note and let me know if you find them. Have fun!!!

Thank you,  
Shamus the Leprechaun
