

Santa's been busy loading his sleigh
Just a few more days and he's heading your way
Perhaps you've been stressed...a bit of a grouch?
Let Mrs. Claus work some magic... she's no slouch!
A little sugar she thought would give you a jump
Get you over the shopping & wrapping hump
So grab some milk, sit down and relax
Turn off the phone, the computer & fax
Enjoy the season and all that is fun
Don't worry or fret... it will all get done!
