

Derby Dollars

How To Play

Everyone gets 3 Derby Dollars.. Write your name on the back of your dollars and place into the baskets labeled for the horses you are betting on. You can place all 3 on one horse or split them up between 3 contenders.

After the race, we will pull 2 dollars from the basket of the horses who landed in the WIN, PLACE and SHOW positions and those are our 6 winners!!

Here are the odds on the Derby Field

FUN DERBY TRIVIA

Of the last 6 Kentucky Derby winners, 3 were favored, however in two of the other three years, a horse 50-1 or better won the race. Four of the last ten Derby winners have been the post-time favorite.

Recent history has shown that getting an outside post can be advantageous to one's chances of winning the Kentucky Derby. No horse has ever won from post 17 or 19.
