

Family Holiday Relay A Fun Trivia Game

How To Play!

This is a great Holiday game that you can play as individuals or play on teams with all your Holiday guests. Plus it lets you include those who are not with you, but are in your thoughts!! Think Family Feud and Who Wants To Be A Millionaire..take parts of both and you have this game! This is great for after dinner fun at Thanksgiving, entertainment at a Holiday party or for your Holiday dinner!

Frequent visitors to Celebration Ideas Online.com gave me their answers to 18 questions. I sorted through the responses and tallied the top 5 answers for each question. So here's how you play:

1. Select a Host or Emcee
2. Divide into teams
3. The host will then give the first person on the team the question. The questions are attached.. Just cut them up. The answer key for the emcee is also included.
4. To WIN your question.. You must get all 5 answers. . Each player on the team is allowed one attempt to guess one of the 5 answers. Three misses and you are done. However, before you hand the question over to the other team.. You can relay it to a friend or family member who is not with you.. Give them a call or a text ~ Kind of like the Millionaire **lifeline**! They get the missing answers, your team WINS! They are allowed 2 misses. Continue this for all members of each team.
5. For every question you win.. You get a point! (Points can be \$1 bills or Instant lottery tickets or give poker chips or pennies)! There are 2 BONUS questions. If you get all answers PLUS the bonus answer correct.. You get double points. Game ends when everyone has answered one question or all questions have been used. There are 18 questions in total.
- 6 Each team tallies their total points and that team wins the Grand Prize! If you have visited my site, you know I LOVE to make t-shirts for winners. But you could also award an extra batch of instant lottery tickets or a Grand Cash Prize to be split between the teams or individuals that have most points.

It is a wonderful way to connect with friends and family that can't spend the holidays with you! Good Luck.. Here are the questions
